Why Accenture?

Global Scale

700,000+ employees across 120 countries. Real-world impact at enterprise scale.

Tech-First Culture

Deep investments in AI, Cloud, and Digital Transformation – you'll work with cutting-edge tools.

Growth & Learning

Structured training programs, certifications, and clear career progression from Day 1.

Brand Value

A Fortune 500 name that opens doors – Accenture on your résumé is a strong signal.

The Hiring Process – 4 Rounds

Accenture's selection process is structured and predictable. Know what's coming and prepare strategically.

01

Cognitive / Gamified Assessment

Tests logical reasoning, pattern recognition, and problem-solving through interactive games or MCQs.

02

Technical MCQ Round

Core CS concepts – OOP, DBMS, OS, Networks. Speed and accuracy matter.

03

Coding + Communication

Basic coding problem (any language) + spoken English assessment. Both are evaluated together.

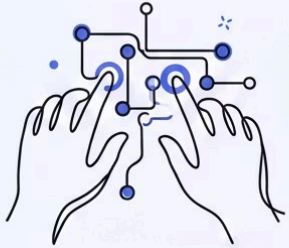

04

HR / Technical Interview

Final round – behavioral questions, project discussion, and fitment evaluation.

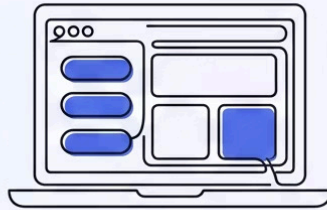

Technical Stack to Know

Programming Languages

Java, Python

Frontend Frameworks

React, Angular

Cloud Platforms

Azure, AWS

Database

SQL

What to Focus On

Accenture hires for multiple technology tracks. You don't need to master all – **pick 1-2 areas and go deep.**

- **Programming:** Java or Python – strong fundamentals in OOP and data structures
- **Frontend:** React or Angular – component-based thinking
- **Cloud:** Azure or AWS basics – services, deployment, storage
- **Database:** SQL queries, joins, normalization

Eligibility & Compensation

6.0+

Minimum CGPA

Most roles require 6.0 - 6.5 CGPA. Some business units may have higher thresholds.

0

Backlogs Allowed

No active backlogs at the time of joining. Clear all arrears before the offer stage.

₹6.5L

Max Package

Role-based pay ranges from ₹4.5 LPA to ₹6.5 LPA for freshers across technology tracks.

All

Branches Eligible

CSE, ECE, EEE, IT, Mech, Civil – all B.Tech branches are eligible for most roles.

Accenture Is Hiring Big in India

30,000 New Hires in India

Accenture announced one of its largest campus hiring drives, targeting fresh talent across engineering and technology roles.

Major AI Pivot

Accenture is aggressively repositioning around AI – investing [verify with Accenture] in AI capabilities. AI literacy is now a hiring priority.

Role-Based Hiring

Gone are generic roles. Accenture now hires for specific technology tracks – Cloud, AI, Security, Data – making targeted prep more effective.

5 Tips to Crack the Interview

1 Master Aptitude First

The cognitive round filters many candidates. Practice on IndiaBix or GeeksforGeeks daily.

2 Code Every Day

Solve 1-2 easy/medium problems on HackerRank or LeetCode. Focus on arrays, strings, and sorting.

3 Revise Core Subjects

Start this week – practice 2 coding problems daily, revise OOPs + DBMS, and record yourself speaking for 10 minutes. Your Accenture offer is 4 habits away.

4 Prepare Your Project Story

Be ready to explain your project's problem, your role, tech used, and outcomes in 2 minutes.

5 Polish Your Communication

Speak clearly, maintain confidence, and practice mock interviews. Accenture evaluates English fluency.

Your Offer Starts This Week

You don't need months – you need a **focused plan and consistent effort**. Start today.

July
17

This Week

Take a mock aptitude test.
Identify your weak areas.

This Month

Revise 2 core subjects + practice
coding daily.

Placement Day

Walk in confident, prepared, and ready to impress.

Remember: Thousands of B.Tech students get placed at Accenture every year. You can be one of them. 🚀
